City of Phoenix
Planning and Development Department
Mr. Alan Stephenson, Director
200 W. Washington Street
Phoenix, AZ 85003

Dear Mr. Stephenson:

On behalf of the Willo Neighborhood Association, we request a response to our letter dated July 2, 2018. We ask you directly address our question about the compatibility of murals with historic mandate and goals, specifically as related to the Willo Conservation Plan, which mandates preserving the unique character of the neighborhood.

"The Best Practice" recommendations on murals does not address the above issue.

We look forward to the City's response by May 1, 2019.

Sincerely,

A handwritten signature in black ink, appearing to read "Rob Cannon".
